

Common Area Tile Replacement

Your Lindo Mar Board of Directors has recently approved an enhancement project for the resort after receiving comments from the members. This project aims to replace all the tiles found in our common areas, which will have a profound effect on the resort's appearance.

We are writing to inform you that you may notice significant noise and traffic throughout the resort during your stay, and although our dedicated on-site team will do everything in their power to minimize the disturbance to your vacation, we wanted you to be aware of the situation prior to checking-in.

Currently the enhancement project is scheduled to start on or near July 11th, 2016 and continue for three months - through the end of October. We apologize for the inconvenience, but we are confident you will be pleased with the outcome of improvements to the common areas for years to come.
